

## Date and Time API

You can find a prepared test method for exercise 2 and 3 in the *TestDateAndTimeExercises* class in the *Exercises\_Java8DateAndTimeAPI* project.

1. Which version of Hibernate introduced the classes of the Date and Time API as *BasicTypes*?  
How can you persist classes of the Date and Time API with JPA?

2. Persist the *lastUpdate* timestamp of the Review entity as a *LocalDateTime*.

3. Select all reviews that were posted in 2016.
